

ThrivingSales.com

Lead Generation Program

Do you want to increase your sales and market share?
Is your sales team reluctant to call on new accounts?
Can't find the real decision makers?

***If you have answered, yes to any of the above than you will be interested
in what we can do for you!***

Our team can book prearranged business appointments anywhere in North America with the right decision maker. Our average success rate of appointment setting is typically 30% up to 60%.

We will market and advertise your message directly to the prospect's desk and set up the appointment with the high value prospects you wish to conduct business with.

Our success rate is significantly higher due to our professional, trained, experienced inside telesales team who are highly effective at overcoming objections and getting the appointment.
